Veal & Lamb Products

QUALITY PRODUCTS. *Superior Service.*

A second generation family business, Catelli Brothers is the U.S. meat division of another multi-generational family business founded by the Fontaines of Canada. Its Quebec-based meat division, Montpak International, and Catelli Brothers are part of the largest vertically integrated veal and lamb company in North America. Starting with Delimax, the feed and farming division, our company oversees every phase of production—from farm to table.

That management, facilitated by state-of-the-art technology, includes 24/7 video monitoring of all livestock handling. In our leadership role, we remain committed to industry-leading animal welfare practices. Calves are humanely raised in modern, temperature-controlled group housed facilities ensuring natural sunlight and excellent air circulation. Untethered, the animals move freely and socialize, enabling proper natural growth. They never receive added hormones, and animal technicians and veterinarians monitor every aspect of care.

Dedication to the highest food safety standards has earned our facilities level three SQF certification.

By controlling and integrating each stage in the production process, we are able to provide you and your customers safe, traceable, nutritious and delicious veal and lamb products.

We offer Catelli Brothers-branded and private label products that meet our customers' exact specifications. Catelli Brothers delivers—nationwide—a wide variety of primal, portion control, tray ready, case ready, seasoned and fully-cooked products that are offered in several consumer-preferred packaging options.

Our generations of experience and superior customer service enable us to deliver a wide selection of customized programs to meet your unique needs and improve your bottom line. That's why Catelli Brothers is the retailers' best source for top quality milk-fed and grain-fed veal, as well as both American and imported lamb.
